## GAME LOCATION

### CITTA' GIARDINO

#### LIBRARY "A. ZANZOTTO"

Our town is pleased to host the International Chess Tournament, and the library "A. Zanzotto" is the ideal location for this important event: it can be easily reached either on foot or by public transportation.

The building was raised in 1933. The area where it lies, formerly the worship place of the "Canonical- Lateranensi" (1518-1771), then a sugar factory (1838-1862), finally became a municipal property.

From 1863 it hosted several military units until the end of the First World War. Built out of a previous 18th-century building, it is the most significant witness of rational-classicist architecture in town. It is featured by an imposing pronaos-hall joining two symmetrical blocks, each marked by a large bow-window.

Non-Members can join on site: the card will be valid for the whole year. In joining the event, every player will implicitly allow some personal data (full name, chess grade, ELO rating, as well as the result/score he got) to be published on sites of the Federation, Regional Committee, Web, [www.vesus.org](http://www.vesus.org).

For anything not expressly mentioned in this bid, please refer to FIDE rules and REG. FSI. Rules.

The Tournament Management reserves the right to any modification that might prove useful for the success of the Event.
